

Thank You! And we have a winner!

Published 16-Dec-19 by [Ian Scholten](#)

Over the last month we set out to understand how we can make the ICE Network even better. We wanted to hear from you, our ICE Network community, about what would make the Network even more useful for you, what sorts of topics you'd like to learn more about, and how we can make the Network easier to use.

We had a great discussion with 20/20 Catalysts at the ICE Gathering about what some of their pain points are and what topics they'd like see covered through our CoLab series. From there, we launched a Network-wide survey to hear from the whole community about what they like and dislike about the platform and CoLab series.

We closed the feedback form this week and were really excited by the responses we got. We really appreciate everything that was shared and want to send a big THANK YOU to everyone who took the time to send us some feedback.

Over the next couple of weeks, we'll review all the feedback we received and put together a plan of how to action on the input. So you can expect an update in the new year recapping the feedback we heard and the steps we're taking to continue improving the ICE Network.

Now for the moment I'm sure you've all really been waiting for – WHO WON THE \$100 GIFTCARD??

Ddrrummmrroo!!! please!

CONGRATULATIONS [Brent Larison](#)! You were randomly selected and won!! We'll be in touch to get you your prize.

Thank you all again for taking time to help us make the Network even better! And please know that we always welcome your feedback. If you want share anything at any time of year, you can always send me a message through the [chat function](#) or submit it as a 'Case' in the Help & How-To Forum ([here](#)).

Happy holidays to everyone!
