

Join the 2022-23 Generation Power Cohort!

Published 21 days ago by [Sydney Vandale](#)

Indigenous Clean Energy (ICE) is excited to share that Generation Power has officially opened applications for the 2022-23 cohort!

Through [Generation Power](#), young Indigenous leaders are empowered with the tools, resources, and opportunities to lead towards a future that is more equitable and sustainable.

Generation Power is an Indigenous youth clean energy literacy and career training program, that acknowledges the skills, talent and qualifications youth and employers bring to the table. The program is modeled after successful Indigenous-led educational and training programs and focuses on collective learning through cohort-based learning, peer-to-peer mentoring and on-the-land learning.

For more information on criteria and commitments, visit generationpower.ca

Applications close June 24, 2022!
